

Our Environmental Policy

BEST WESTERN PLUS Mosborough Hall Hotel is committed to the continuous improvement of the environment quality of our service and operations.

Our objectives in this pursuit

- reducing energy consumption
- avoiding the use of hazardous or toxic substances
- recycling products
- working with 3rd partners to limit environmental impact in the operational process
- Respect for communities – be an environmentally responsible member of the communities in which we operate, taking steps to prevent environmental incidents and responding promptly and responsibly if an incident occurs
- Comply with the law – meet or exceed all applicable regulatory, customer and market requirements regarding protection of the environment
- Integrate good environment quality practices into our business – develop environment requirements for our key business relationships, particularly our vendor supply chain and assist vendors in meeting those requirements
- Communication – build environment awareness among our employees, vendors and customers
